Feather

Pole Height	Flag Dimensions
Small Kit 3m	2000 x 653mm
Medium Kit 4m	3000 x 704mm
Large Kit 5m	4000 x 866mm

Contents

- (a) Carry case (x1)
- (b) Poles (2,3, or 4 pieces)
- (c) Printed Flag (x1)
- (d) Bungee Cord (x1)
- (e) Ground Spike or base provided (x1)

Base Options

All flags are double sides and come standard with the ground spike

Ground Spike - For use on soft sand or grass

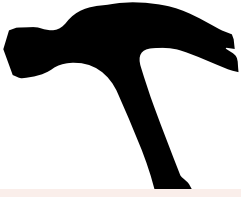

Large weighted base for outdoor use

Small weighted base for indoor use

Water fillable PVC base for outdoor applications

You will need a hammer to install the ground spike

Tools

Step 1

Do not install near trees, wires or poles
Allow a minimum of 2m between each banner pole and nearest object

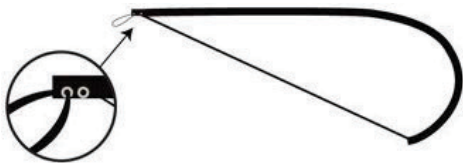

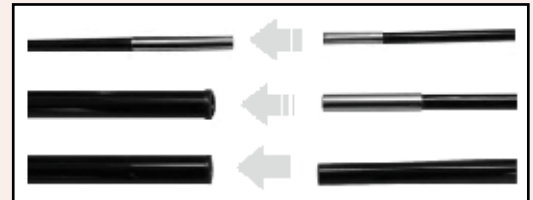

Hammer on the top of the main part of the steel rod of the ground spike to install

Step 2

Step 3

Join the poles together. The poles follow a progressively smaller slot for the next

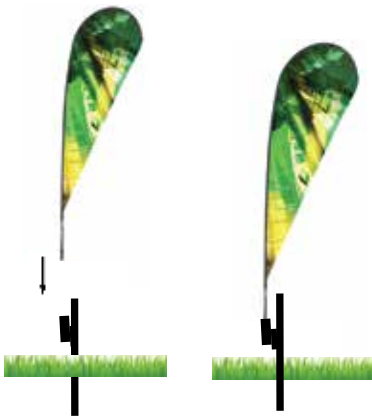

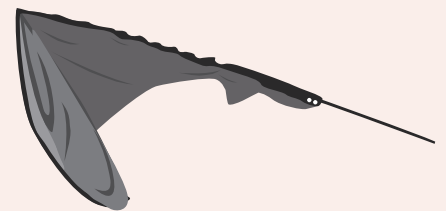

String the bungee cord through the flag grommet

Step 4

Step 5

Slide the flag onto the assembled pole starting at the smallest end
Make sure to slide the pole completely inside the sleeve

Finally, slide the bottom of the flag into the top of the ground spike.

Step 6

Note: Flags are a temporary promotional item that will degrade over time. To obtain the maximum possible life span, please do not leave out in strong wind or rain and bring indoors daily.
